

V-Steel N-Traction

Built for versatility, the Bridgestone VSNT tire delivers the performance you're looking for with your loaders, graders and articulated dump trucks. The VSNT features a deep, cut-resistant tread and a multi-star construction that makes it suitable for multiple applications and conditions.

SPECIALIZED FEATURES

- Multi-star construction: Works in multiple heavy-duty applications.
- Even contact area minimizes vibration, resulting in improved operator comfort.
- Equal load distribution reduces vibration, particularly on hard-packed or asphalt surfaces.

Deep Tread —
Helps resist cuts and impact damage.

Square Shoulder Design —
Pushes debris aside, protecting the sidewall from cuts and damage.

Uniform Groove Depth —
Provides consistent traction as the tire wears in moderate to severe conditions.

Groove Stone Ejectors —
Provide better stone expulsion to protect belts from potential stone drilling damage and enhance casing durability.
